PAKISTAN SCHOOL EDUCATION STATISTICS 2004-2005

## Foreword

The valid, reliable and comprehensive educational statistics data are pre-requisite for pragmatic planning and decision-making, resource allocation, monitoring and evaluation of education system. The National Education Management Information System (NEMIS) based in Academy of Educational Planning and Management (AEPAM) is responsible for consolidation of education data at national level transmitted by provincial/ regional EMISs. The NEMIS also coordinates and provides technical support to the provincial/ regional EMISs to enhance their data generating capacity and maintaining standards.

AEPAM have been publishing the Annual National Education Statistics Reports regularly since 1992-93. The NEMIS report on Pakistan Education Statistics 2004-05 is the 13th National Report of this series. It comprises educational data pertaining to public sector educational institutions managed by Ministry of Education/ Education Departments as well institutions managed by other than the Ministry of Education/ Education Departments, private educational institutions, technical and vocational institutions, colleges, teacher training institutions, deeni madaris, universities and non-formal basic education centers. The national databank maintains information pertaining to all Public sector educational institutions up to higher secondary level. Efforts have been made to get consolidated data from all the sources at federal and provincial levels to generate a comprehensive scenario of education in Pakistan. The figures of private schools as reported are based on Census of Private Educational Institutions in Pakistan, conducted by Federal Bureau of Statistics in 1999 and the National Sample Survey of Private Schools in Pakistan conducted by AEPAM in 2004. The report contains information along with other aspect such as number of educational institutions, enrolment, teachers and physical facilities. The tabulation is categorized by gender and location of public educational institutions. It is expected that the information given in the report will reveal the trends and important milestones in the system as a whole and lead as a catalyst in the process of setting goals and targets at micro and macro level in planning and decision making. The aim is to provide first-hand and valuable information to facilitate the educational planners and decision-makers in rational decision-making.

We are highly grateful to the Honourable Federal Education Minister for his patronage and kind guidance for NEMIS without which all these activities were not possible. The constant guidance and support provided by Mr. Sajid Hassan, Federal Education Secretary, to AEPAM and NEMIS team made it possible to conduct all the activities as per planned schedule. It is an un-denying fact that the support and cooperation of Dr. S. Fayyaz Ahmad, Joint Educational Advisor, P&P Wing, Ministry of Education were always valuable which proved a source of encouragement for the staff members of the AEPAM.

We are indebted and grateful to the assistance and cooperation extended by Muhammad Arshad Khokhar, Provincial EMIS Coordinator Punjab, Muhammad Ilyas Soomro, Director/ Provincial EMIS Coordinator Sindh, Salah-ud-Din, Deputy Director/Provincial EMIS Coordinator NWFP, Mohammad Yousaf Khoda, Director/ Provincial EMIS Coordinator Balochistan, Sardar Muhammad Azam Khan, Director/ Coordinator EMIS AJK, Shahzada Ibrahim, Director/ Coordinator EMIS FANA and Dr. Abdur Rauf, Director/ Coordinator EMIS FATA for providing the provincial/ regional consolidated data for the national data bank on education. I express my gratitude to the Brig.(R), Maqsood-ul-Hassan D.G. Federal Directorate of Education and Professor Muhammad Rafique Tahir, ICT EMIS Coordinator for extending their help and support for conducting Annual School Census of ICT 2004-05. I duly acknowledge the efforts made by the NEMIS team for processing the data and producing this report.

**Dr. Pervez A. Shami**

Izaz-e-Fazeelat  
Director General

## Introduction

### Academy of Educational Planning and Management (AEPAM)

Academy of Educational Planning and Management was established in 1982 and now functioning as a subordinate office of the Ministry of Education.

### Vision of AEPAM

Development of a quality assurance institution, to facilitate and support internationally compatible and dynamic system of education, policy making, management and implementation.

### Mission Statement

With a national commitment to facilitate development and promotion of education through co-operative policy, planning, innovation, capacity building, quality assurance, check on implementation, management and up-gradation of information system and data bank.

### Charter of AEPAM

- AEPAM may act as "Think Tank" for assisting the Ministry of Education in the formulation of Education Policies.
- AEPAM may monitor and evaluate the education sector projects and programs being implemented throughout the country.
- The existing EMIS at Federal level may collate data collected through provincial EMIS, and develop database of critical indicators on qualitative aspects of educational growth.
- Maintain linkages with Provincial and District heads of Educational Institutions.
- Continue its training programs for capacity building of Education Managers.
- May also impart training at the pattern of NIPA to all Educational Officers eligible for promotion to BPS-20 on regular basis.
- Organize training programs in computer/ IT for head teachers, teachers, computer personnel and education managers.

The Academy has conducted about **320** training programs. A corps of more than **5500** educational personnel has been trained. More than **265** research studies, surveys and reports and numerous research papers has been produced. The Library has more than 10,000 research reports, documents and papers on EPM and allied disciplines in its computerized database for easy retrieval and quick access to relevant information. 162 Annual Education Statistics reports, surveys and studies have been published.

### **National Educational Management Information System (NEMIS)**

Until 1982 with the exception of NWFP, there was no computerized database available on the country's education system. However, in the rest of Pakistan, manual facilities were existed which were time consuming and also unreliable. Obviously, the data made available was normally two to three years old. Moreover, there were technical discrepancies affecting the quality of data. A definite need was, therefore, recognized to improve the data collection mechanism, its reliability, relevance and also prompt availability, so as to bring it at par with NWFP where a first pilot EMIS project was established (1980-83) by Management Unit for Study and Training (MUST). It computerized educational data and established an EMIS for the school department. Later on, not only the activities of MUST were expanded to cover about 75% of all the schools but it also covered all colleges in the province. Following the MUST model, NEMIS Project was initiated during 1991-93 at federal level.

NEMIS Project phase-I was launched during 1990-1993, with the assistance of UNESCO, UNDP and USAID. Under Central Bureau of Education (CBE). The first National School Census in the history of the country was conducted and field data was collected during 1991-92. This project paved the way for the establishment of a network of IBM compatible microcomputers throughout Pakistan having seven key locations (Islamabad, Karachi, Lahore, Peshawar, Quetta, Muzaffarabad and Gilgit) to cover almost all district in each province/region. This project was completed in June 1993.

After the abolition of Central Bureau of Education (CBE), the project was shifted to the AEPAM in view of its professional and technical expertise. The Federal Educational Management Information Systems (FedEMIS) project was approved at a cost of Rs.12,395 million in 1994 for a period of two years (1994-95 and 1995-96).

NEMIS phase-II project was approved at a cost of Rs.18,045 million in May 1997. The duration of the project was three years (1998-2001). However, due to financial implications the closing period of this project was extended upto 30<sup>th</sup> June 2003. The main objectives of the Project were to provide the infrastructure for EMIS and develop the mechanism for collecting educational data/statistics, particularly from the Federal Areas (Federally Administered Tribal Areas (FATA), Federally Administered Northern Areas (FANA), Azad Jammu and Kashmir (AJK), and Islamabad Capital Territory (ICT)). Further, provincial EMISs were entrusted to transmit data to the AEPAM for consolidation and development of viable indicators. Under this project 75 workshops were conducted and about 1700 computer/educational personnel were

trained. Fifteen meetings of different NEMIS committees were held and about 162 reports including studies/surveys, census reports and papers were produced.

In continuation of NEMIS-II its current phase in the form of Project NEMIS-III was approved at a cost of Rs. 37.40 million by DDWP on 1st April 2002. The duration of project is 36 months (2003 to 2006). Following are the main objectives of the project:

- To enhance data generation capabilities of the Provincial & District EMISs.
- To develop management capacity building of education managers to use data in decision-making.
- To develop and maintain website for NEMIS.
- To assist provincial EMIS centers in the development of software programs.
- To provide data required by Federal Government and International agencies.

Following are the main achievements of NEMIS from 1<sup>st</sup> July 2004 up to 30<sup>th</sup> June 2005.

S#	Training Workshops	2003-04	2004-05	Total

### Data Compilation Mechanism

NEMIS is the coordinating unit for education statistics/data collection, compilation, report generation and providing technical support to the provincial EMIS units. Each province has established its own EMIS unit in early 1990. Currently, the Academy of Educational Planning and Management in collaboration with Federal Directorate of Education conduct Annual School Census for Islamabad Capital Territory (ICT). FANA and AJK have already established their EMIS units in 1998. The FATA EMIS unit has been established since 2002. The AEPAM has provided technical support for the establishment of these units. These EMIS units are responsible for collection, compilation, analysis and dissemination of education statistics/data of their respective provinces/regions. These units usually collect data through their district EMIS cells by conducting annual school census which is conducted in October/November by each province every year. The provincial data is transmitted to NEMIS for consolidation at national level.

AEPAM plays a leading coordination role in addressing crucial issues and problems in respect of compatibility of questionnaires, statistical terminologies, data requirement for development of core educational indicators, discrepancy and inconsistency in data, data reliability and validity, non-availability of data of private schools and timely availability of data. Various regulatory committees have been constituted under the NEMIS to discuss and resolve these issues.

### Pakistan Education Statistics

The NEMIS produces an annual publication of National Education Statistics that presents a consolidated picture of all educational institutions in the country. The annual National Education Statistics report is being published every year by AEPAM since 1992-93. The present report is 13<sup>th</sup> in the series. The report contains the total number of public and private schools up to secondary level by gender and location. It also contains the total number of arts and science colleges, technical and vocational institutions, teacher training institutions, deeni madaris and universities. There are 205,582 schools up to higher secondary level including public schools, other public schools run by other than Ministry of Education/ Education Departments and private schools. Out of the total, 157,157 are primary schools, 30,418 are middle schools, 16,590 high schools and 1417 higher secondary schools excluding inter colleges. The number of inter colleges are 187, number of degree colleges are 677 and post graduate colleges are 98. The total enrolment from primary up to higher secondary level 27,985,938 out of which 4,075,258 at pre primary level, 17,257,948 at primary level, 4,550,473 at middle level, 1,880,021 at high level including 'O' level and 222,238 at higher secondary including 'A' level. The enrolment in inter colleges is 46,357 in degree colleges the enrolment is 422,931 and post graduate colleges the enrolment is 231,957.

The total number of teachers from primary up to higher secondary level is 1,021,869 out of which 450,136 teachers are working at primary level, 246,666 at middle level, 282,113 at high school level and 42,954 at higher secondary level. The number of teachers in inter colleges is 1709, in degree colleges there are 15,653 teachers in postgraduate colleges they are 6010 teachers.

The total number of the technical and vocational institutions is 747 with the enrolment of 113,664. The number of teachers is 7,356 working in technical and vocational institutions. The total number of the teacher training institutions is 135 with enrolment of 36,563. The number of teachers working in these institutions is 2676. As per data of 2003-04 there were 103 universities out of which 53 universities were functioning in the public sector and the remaining 50 universities were in private sector. The total enrolment in the universities are 520,666 out of which 458,074 students are enrolled in public universities whereas, 62,592 students enrolled in private universities. The total number of teachers are 60,633 out of which 53,557 are working in the public universities, whereas, 7,076 are working in the private universities. The total number of deeni madaris is 12,654 with enrolment of 1,544,838 students having 63,617 teachers.

The report also contains the summary in respect of Secondary and Higher Secondary school annual examination 1995-2005. It was observed that 1,325,452 candidates appeared in the SSC annual examination 2005 out of which 776,923 candidates passed the examination. The passed percentage was 60. It was also observed that 789,336 candidates appeared in the HSSC annual examination 2005 and 467,663 candidates passed the examination and the passed ratio was 59 percent.

The report contains class-wise enrolment (from pre primary up to class 12) of only public sector by gender and location for each region/province. The report also presents number of teachers by level from primary to higher secondary by professional qualifications and academic qualifications by gender and location for each region and province. The report also provides information regarding availability of physical facilities in the educational institutions up to higher secondary stage by gender and location for each region and province. The figures reported in the reports are based on the annual school census conducted by provincial/regional EMIS units. These figures have been provided by the provincial EMIS units to NEMIS. Estimations based on trends have been made where the figures are not available. The following are the major publications under NEMIS since 1993:

Pakistan School Education Statistics 1992-1993 to 2003-2004(12 Publications)

Pakistan Education Statistics 2004-2005

District Profile of Public Schools 2003-04 (Institutions, Enrolment, Teachers, Physical Facilities and Expenditure)

District Wise Statistics of Public Schools 2003-04

Tehsil Wise Statistics of Public Schools 2003-04

District Education Fact-Files 2003-04 (Student-Teacher Ratio, Teacher-School Ratio, Student- School Ratio, 2003-04)

**Notes:**

- Other public sector means public institutions not run by Ministry of Education or Provincial Education Department
  - Teacher's data in respect of Technical & Vocational institutions and data for Higher Education for the year 2003-04 are repeated for the year 2004-05
  - For "Public Sector" the data is estimated on the basis of "Census of Private Education Institutions in Pakistan 1999-2000" published by Federal Bureau of Statistics
  - For Non-formal Basic Education, Project Wing, Ministry of Education, Ministry of Education provided the data
- Source for Private Sector data: Federal Bureau of Statistics, Statistics Division, 1999-2000 and estimated by AEPAM for the year 2004-05

\* During 2003-04 publication the data regarding Inter Colleges, Degree Colleges and Post graduate Colleges was not provided by provincial/ regional EMISs. Therefore the consolidated figures reflected in the Economic Survey of Pakistan, 2003-04 regarding Arts & Science Colleges 2003-04. The figures of 2003-04 and 2004-05 are from two different sources so data does not match with each other.

\*\* Universities data is repeated as Higher Education Commission did not collected the data for year 2004-05

\*\*\* Non Formal Basic Education data was not collected for year 2003-04

\*\*\*\*-Incomplete data
