TENDER DOCUMENT

**CONSULTANT FOR THE DEVELOPMENT
AND ENHANCEMENT OF
ITEM BANKING SOFTWARE
SPECIFICATIONS**

Background:

The Pakistan Institute of Education (PIE) has deployed an Item Banking Software customized by the Federal Board of Intermediate and Secondary Education. The software serves as a critical component in the educational assessment process. PIE is seeking the services of a qualified consultant to enhance and improve the existing system, focusing on functionality and operationalization.

2. PIE seeks the services of a national consultant to provide technical support to NAW - PIE in the development, enhancement and deployment of item Banking software in NAW-PIE.

Objectives:

The primary objectives of engaging the consultant are as follows:

- a) Assess the current functionality of the Item Banking Software.
- b) Identify areas of improvement in terms of efficiency and effectiveness.
- c) Propose and implement enhancements to the software to align with PIE's specific needs.
- d) Ensure seamless operationalization of the improved system within PIE's existing infrastructure.

Scope of Work:

The consultant's responsibilities will include, but are not limited to:

- a) Collaborating with PIE stakeholders to understand specific requirements and challenges.
- b) Implementing the approved enhancements in consultation with PIE's team.
- c) Testing the modified system to ensure compatibility and reliability.
- d) Implement robust security measures to safeguard sensitive educational data while ensuring compliance with relevant data protection regulations and standards

- e) Design the database architecture with scalability in mind to accommodate future growth. Implement techniques to handle an increasing volume of assessment data efficiently.
- f) Optimize database queries and indexing to enhance overall system performance and conduct performance testing to identify and address any bottlenecks or slowdowns.
- g) Ensure seamless integration of the enhanced Item Banking Software with PIE's existing IT infrastructure. Collaborate with PIE's IT team to address any compatibility issues.
- h) Collaborate with PIE staff to perform user acceptance testing (UAT) to validate the system's functionality.
- i) System must be capable to design and generate booklets according to the TOS requirement.
- j) Modify and optimize system reports.
- k) Adding features for booklet design according to the TOS requirement.
- l) Embed item Analysis module to the existing software.
- m) Optimization of existing system modules for compatibility or feature enhancements.

Qualifications and Experience:

The consultant should possess the following qualifications and experience:

- a) Proven expertise in software development and enhancement.
- b) Previous experience in customizing and improving educational software systems.
- c) Familiarity with item banking and assessment processes in educational institutions.
- d) Strong analytical and problem-solving skills. e. Excellent communication and collaboration abilities.

Timeline: The consultant is expected to complete the project within 90 days

Language: Fluent in English and Urdu.
